Proposed Library Redevelopment, 30-32 Miller St Gilgandra

Dear Ms Canaris

As you are aware I visited the Miller Street Gilgandra Building in November of 2020 and have made suggestions and provided sketch details in subsequent discussions with Dunn & Hillam Architects. Having reviewed your drawings dated 21st of May 2021 describing the proposed alterations. I have formed the opinion that the scheme is structurally feasible and will assist with structural details. I am confident that the existing building and the structure of the additions described in your drawings will have the capacity to resist the actions set out in AS1170.1 together with forces associated with the design 1955 flood levels from the adjacent Castlereagh River.

I hope this information is helpful; should you have any queries, please contact me by e-mail, johncarrick@iinet.net.au

Sincerely,

John Carrick BE MEngSci MIEA
