## Local heritage fund guidelines

### 1 Local heritage fund purpose

The Gilgandra Shire Local Heritage Fund has been established to assist owners of places with heritage significance undertake conservation and restoration works. Items of heritage significance include buildings/structures/sites identified as contributing to the character of the Gilgandra Heritage Conservation Zones (if needed, please seek clarification of these zones from Council) and items included on the Gilgandra Community Based Heritage Study (please see <http://www.gilgandra.nsw.gov.au/Enjoy/Cultural-Heritage/Heritage-management> to download a copy of the study).

Examples of the type of work that can be funded under this program may include, but are not confined to:

- Painting in approved heritage colour schemes
- Repairs to stumps, walls, roofs, doors, floors, and windows
- Replacement of guttering and down pipes
- Reinstating missing components, including verandahs
- Meeting Building Code of Australia requirements (eg. fire regulations and disability access) for ongoing and new uses
- Engineering reports on the structural integrity of a building (including awnings, verandahs and balconies)

The aim is to maintain, preserve or restore elements that contribute to the heritage value of a place. The funding cannot be used for improvements such as new kitchens or bathrooms. Council's Heritage Advisor will assess all successful projects and assist with colour schemes and provide free advice on the proposed work.

### Projects funded through the local heritage fund

In the past Council offered assistance with the following types of projects:

- Repair sash & casement windows
- Replace flooring (internal and external)
- Replace roof sheeting

- Professional engineering reports addressing building safety concerns (awning, fire safety, accessibility).
- Re-stumping of buildings
- Repainting in heritage colours
- Widening of entry doors to public buildings for accessibility
- Upgrades to buildings in relation to fire regulations

## 2 Type of funding available

Where grants are approved, they are usually on a dollar for dollar basis. There is a limit of \$2,000.00 provided by Council, to match a similar (or greater) contribution from the owner. This may vary depending on the number of applications received. Council will consider applications where the owner's contribution is in the form of labour and/or materials rather than cash. Please note that grants are not made in respect of properties on which rates are unpaid.

On acceptance of this offer, projects can commence immediately and must be completed and all relevant paperwork (e.g. invoices to Council) submitted to Council by 10 April 2020 for payment processing.
